

BUCKET BOYS

Still on a ride in your 59 Cadillac convertible – crossing through the desert, with tired eyes starrin' at the setting sun. On the backseat your lovely pumpgun and enough sixpacks for a long travel ...

Founded october 1995, they are on the road since april 1996: Germany, the Netherlands, Belgium and France - the **BUCKET BOYS**. Guitar, bass, drums, vocals - it's only Rock'n Roll, but they like it. The sound of desert and dust - well, they like it too.

Always searchin' for the Titty-Twister, the **BUCKET BOYS** enjoy their tours, playing songs of their CDs.

In the early years influenced by Herman Brood, the **BUCKET BOYS** created their own sound. Now its the mix of Rock, Blues, Country and TexMex, which sounds like the soundtrack for a cool ride at 55 m.p.h. on a desert-highway, straight into the setting sun.

Since 2005 the **BUCKET BOYS** play their music also in an acoustic, „unplugged“ version – more stuff for the lonely desert road.
